## Information:

Our Straight Spanish stallion produces carbon copy foals, 80% fillies and most are Chocolate Chestnut in color. He puts on long croups, smooth bodies, quiet dispositions and bone. Mandar is 15.3 hands tall and has a beautiful feminine softness to his head and eye. He is all stallion, however, and was Grand Champion of the prestigious Daffodil Arabian Show early in his career. He improves dramatically any mare to which he is bred.
